

ANXS³ Series Mini Circuit Breaker

Application

ANXS³ The new design of DX series mini circuit breaker is mainly suitable for overload and short circuit protection. It is especially used for illumination and distribution in industry and commerce etc. It has pleasing outlook & high breaking capacity, reliable performance, high inflammable resistance and shock resistance for long service life. It is within the circuit of AC 50/60Hz, rated voltage of single pole up to 230V, two three or four poles up to 415V. It can also be used for an unfrequented change over of the circuit and illumination under normal conditions.

Specifications

Rated voltage Ue:	230V/400V
Rated frequency	50/60Hz
Rated current In:	6A,10A,16A,20A,25A,32A,40A,50A,63A
Breaking Capacity(A)	6000/4500/3000
A number of:	1P、2P、3P、4P
Endurance (A)	>4000
Mechanical and Electricl life:	Not less than 6000 times
Electrical Life	>4000
Protective grade:	IP20
